A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, [illegible] sour "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

EASTER—ITS ORIGIN AND CUSTOMS.

Winter has its Christmas, autumn its Thanksgiving, summer its Fourth of July, but the choicest season of the year was reserved for the Christian's most joyful celebration.

For the crucifixion to have occurred at any other season than this, much of its significance would have been lost. As it is, the smallest details blend in making a harmonious whole.

The name itself, Easter, comes to us from the Anglo-Saxon Eastre and Ostara, meaning the goddess of spring, and corresponds to the Jewish feast of the Passover, which was celebrated at the same time of the year. In the early days of the church much dissension arose as to the proper time of celebrating Easter. After centuries of dispute, a season was finally established, to which all the Christian churches, excepting those of Russia, Greece and Oriental countries, generally, conformed, with the consequence that they are keeping Easter just a fortnight later than the rest of the Christian world.

Many beautiful as well as humorous customs have allied themselves to this season, nearly all of which will be found to have originated with Pagan nations. The custom of rolling eggs is by no means a modern one, and we read of children in the north of England, who not only roll them but throw them like balls. Here, too, it is customary to give eggs to one's friends on that day, and it is a common practice to trace upon the egg, with a piece of tallow, the initial of the one for whom it is a designed, after which it is dropped in boiling water that has been previously colored, and when it comes out the egg will have taken the color of the dye everywhere except where the tallow has been traced, leaving that pure white.

The day in Russia is something like New Year's Day here. The people call upon their friends, each visitor giving an egg to his host with this greeting: "Jesus Christ is risen," the host replying, "Yes, He is Risen."

The Irish watch Lent depart with much merriment, and on Easter morn are up early "to see the sun dance in honor of the resurrection."

It is a general custom for people to appear in their new spring clothes on Easter Day, which, in all probability, is the outcome of an old-time superstition that one must wear, at least, one article that is new, else bad luck will follow all the year, apropos of which, we read in an old English ballad this couplet:

"At Easter let your clothes be new,
Or else you will it surely rue."

On Tuesday after Easter, in certain localities, wives were allowed to beat their husbands, but it is doubtful whether this privilege was used to any extent, in spite of the satisfaction it might have afforded some wives, because, on the following day the husbands were allowed to return it.

Nowhere, however, is Easter celebrated with greater festivities than at the national capital, where, on that day, for many years, the White House grounds have been opened to receive thousands of little people, each one carrying a basket of beautifully colored eggs. They begin to gather before noon, some bringing lunches with them, and for a few hours egg-rolling is the order of the day. In the afternoon the Marine Band arrives and gives a concert, and while these privileges are extended to the children yet many older people enjoy going.

It is a scene beyond description, the setting, to begin with, being one of unusual loveliness at this time of year, and with the White House for a background and the gaily dressed children flitting about like butterflies, makes a picture to which nothing could be added. The president always comes out on the balcony and sometimes takes a turn or two about the grounds. Another feature of a Washington Easter is the splendid flower display at the different markets. The regular flower booths are gorgeously decorated with flowers in season and out of season, which are, in some instances, arranged in effective designs.

The most picturesque display, however, is outside the market, where scores of quaint old colored aunties sit, some serenely smoking their pipes amidst great bunches of trailing arbutus, wild violets, myrtle, etc.

I once knew two little German girls, twin-sisters, whose mother had told them a pretty little story about the rabbit that lays Easter eggs. They lived in a house with a large garden in which a number of bushes grew.

On Easter morning their mother told them to go out and see if they could find the rabbit's nest.

While they were hunting diligently, out from a clump of bushes jumped a sure enough rabbit. It was a question as to which was the most excited, the rabbit or the children. They approached the place after a few minutes, and were excited still more, upon discovering a nest of beautiful eggs—red, purple, yellow and even green—which they firmly believed had been laid by the rabbit they had seen.

With children "seeing is believing," and so convincing was this fact to them, that for years their faith in the rabbit's eggs remained unshaken.

OPPOSED TO OPEN PULPIT.

The "Open Pulpit" canon passed at the last convention of the Protestant Episcopal Church, has stirred the high church element in the Milwaukee diocese. Already several high church clergymen are reported to have joined the Catholic Church, and others are moving in that direction, it is said. It is reported that many divinity students at Nashotah have quit the seminary. Nine in all, including students and instructors, are said to be included in the list, and though all have not joined the Catholic Church, two, Rev. Edward Hawks and Rev. James Bourne, is is asserted, have been baptized into the Catholic Church at Philadelphia. Three others are said to have gone to Philadelphia, but the Episcopal authorities refuse to confirm the report.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I brought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniament. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by W. F. Creighton and Richard Gibson.

Shake off the grip of your old enemy, Nasal Catarrh, by using Ely's Cream Balm. Then will the swelling and soreness be driven out of the tender inflamed membranes. The fits of sneezing will cease and the discharge, as offensive to others as to yourself, will be stopped when the causes that produce it are removed. Cleanliness, comfort and renewed health by the use of Cream Balm. Sold by all druggists for 50c, or mailed by Ely Bros., 56 Warren street, New York.

SATURDAY EVENING, APR. 18, 1908.

HAVING effected a bookkeeping economy of between $16,000,000 and $20,000,000 by knocking out four monster battleships, the House leaders will proceed to spend their savings, and probably a little to boot, by bringing in and rushing through next week an omnibus public building bill carrying appropriations of about $20,000,000. As many States and Congressional districts as feasible will be made to profit by this movement so that enough members will have an interest in the bill to insure their voting to pass it over the president's veto, if he attempts to square the account for the defeat of his battleship programme in the manner he has threatened to do. There appears to be no doubt that enough votes will mustered in the House to override a veto if one be sent in. Members do not now stand in awe of the big stick as they previously did as the Roosevelt regime is in the sere and yellow leaf, and they have little more to expect from the president in the way of patronage. The republicans know they will have a hard fight this fall to elect a majority of the new House, and they feel a judicious distribution of new public buildings will help wonderfully to stem the tide that has set in against them.

THE fight within the republican party for supremacy is becoming more bitter as the time for the national convention draws nearer. In Ohio there is a revolt against the state ticket, which will certainly defeat it, unless the objectionable candidates of the Taft-Cox faction are withdrawn and other candidates who are not under control of Boss Cox nominated in their stead. Congressman Ansberry says there has been a great reversal in public sentiment since the republican state convention, and that "the republicans of Ohio believe they have been betrayed into the hands of the Cox-Brown machine" through the efforts of the Taft manager to secure delegates at any cost for Secretary Taft. In other states the Taft machine is riding rough-shod over those opposed to his nomination, which may lead, in many states, to a revulsion in public feeling such as Ohio exhibits. As the party in power has public patronage and plunder at its command to smooth over rough places, it is probable that the leaders who are planning revolt will be quieted with promises of patronage and place, but their followers may be less amenable to such corrupt influences and may revolt at the polls.

IF the republicans win the coming election, the tariff will be revised—raised by its friends, of course—and revised upward and downward, as the needs and the avarice of the protected interests will dictate. There'll be a deal of fun when its done. Mr. Dalzell will be there to see that there is a fair revision of duties on steel and iron products and glass. Mr. Allison will be there to see that there is a fair revision of the duties on hides, horns and hog products. Mr. Aldrich will be there to see that there is a fair revision of the duties on cotton fabrics and a new clause to cover possible importations of oil from the Orient as well as from Russia. Mr. Depew will be there to see that there is a fair revision of duties on agricultural machinery, paper and wood pulp. Every great special interest will be represented there, but those who want lower duties will not be there. They will not be invited to the entertainment. No man who is not willing to protect the trusts will have the entree to the festival. There'll be great sport, but everything will be respectable and uplifting. Every schedule wil be uplifted, if the trusts think it desirable.

MRS. FRANK JAY GOULD'S mother, Mrs. Edward Kelly, is trying to effect a reconciliation between her daughter and the latter's husband. Mr. Gould admitted, before departing for Hot Springs, Va., last night, that his wife began suit against him last Wednesday for a legal separation. Mrs. Gould and their two children are still at their Fifth [avenue mansion, though reported also about to leave for the South. Among other things the mother-in-law is quoted as saying: "They were both too young to marry and, like so many rich young couples, they haven't anything to do but think about themselves. If they had to work for everything it would be far better for them." Mrs. Kelly's observation is doubtless correct. Mr. and Mrs. Gould would have been more devoted to each other had they experienced a few battles with poverty.

IT HAS long been considered that the lower House of Congress has not been a deliberative body; but now, under the new rules, the republicans, for partisan purposes, have reduced it to a lower level than any of the popular assemblies of Europe, not excepting the Douma of Russia.

SECRETARY TAFT predicts a "gigantic struggle of labor and capital coming," which may be true if the republican politicians continue to control legislation. But with the democrats in power and with fair dealing to both these great interests there should be no strike.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., April 17.

The Department of Justice authorizes the announcement that it has received no information relative to a contemplated voluntary dissolution of the tobacco trust. Officials of the department say that no step that the trust might take at this time could in any wise embarrass the government in its suit for dissolution, testimony in which has already been completed, and May 19 set for argument before the United States Circuit Judges LaCombe, Cox, Ward and Noyes in New York.

Secretary Taft left Washington today for New York city for another short flight of speech-making. He will deliver an address before the Sphinx Club tonight. He will speak at the Grant Memorial meeting at the Metropolitan Temple tomorrow afternoon, and before the Laymen's Missionary movement at Carnegie Hall on Monday night. He will return to Washington on Tuesday morning.

Sensational in the dramatic suddenness with which it came, expert testimony was submitted today before the Lilley investigating committee to show that certain documents introduced by Mr. Lilley, author of the charges of attempted corruption of congress, were written on the same typewriter as two anonymous letters charging Representative Loud of Michigan with improper dealings with the Electric Boat Company. Representative Lilley stated later that the documents submitted by him were not typewritten in his office, but had been handed to him by representatives of the Lake Torpedo Boat Company. He denied any knowledge of the authorship of the letters.

The president it is said will veto any bill presented to him which has for its provision the appointment of a commission to study the question of amending the Sherman anti-trust law. The president demands that the administration bill amending the law be passed this session and is of the opinion that the members of Congress, as well as the business men throughout the country, are perfectly familiar with the Sherman law and the appointment of a commission to study it, would be merely a waste of time and money.

A message was received at the Navy Department today to the effect that Admiral Evans health had improved to such an extent that it is expected that he will be able to rejoin the fleet when it reaches Santa Barbara on April 26. The President today sent to the Senate the nominations of Lawrence O. Murray, of New York, to be Comptroller of the Currency.

The supplementary report on peonage practices in the South, particularly in Florida, just submitted to the Attorney General by Assistant Attorney General Russell, waves defiance in the face of Mr. Clark, of that State, who recently, in a speech in the House, denounced the Department of Justice for its libelous charges of peonage practices. Mr. Russell says that not only does peonage exist in Florida but that those practicing it have adopted the most brutish methods, in keeping men confined in camps under guard, knocking them down with the butt end of pistols for the slight infraction of some regulation, and pointing pistols at them and threatening to kill them.

Secretary Taft has placed himself on record as favoring the appointment of an inland waterways commission and the creation of a special fund of $50,000,000 for the purpose of improvement and development of the waterways of the country.

Sixtieth Congress.

Washington, April 18.

SENATE.

Today in the Senate was set apart to honor the memory of the late Senators John T. Morgan and Edmund Wyndon Pettus, both of Alabama. The occasion was memorable, not only because of the eminent character and distinguished services of the departed statesmen, but because it was the first time in the history of the republic that the United States Senate has been called upon to mourn on the same day the loss of two of its members from the same State. A similar instance will occur on May 2nd which day has been set apart for eulogies on the late Senators Mallory and Bryan, both of Florida.

Senator Johnson, who succeeded the late Senator Pettus and Senator Bankhead who took the seat made vacant by the death of Senator Morgan, offered the customary resolutions in each case, and led in the eulogiums on the dead.

Others who paid tribute to Senators Pettus and Morgan were Senators Gallinger, Perkins, Clay, Scott, Overman, Depew, Cullom, Teller, Lodge, McCreary, Nelson, Daniel and Burkett.

At the close of their remarks the Senate as a further mark of respect, adjourned.

HOUSE.

Pointing to the humiliating experience of this nation as the result of the recent Berlin Ambassadorship gossip, Mr. Longworth, son-in-law of the president, pleaded with the House to purchase of embassies in foreign capitols.

END OF STRIKE.

The bricklayers and masons, through the committee appointed at the last meeting of the Washington union to call upon the master builders, have made overtures to the employers to settle the present strike difficulties in the District of Columbia.

President William H. Magham, of the bricklayers' union, says:

"At a special meeting, held April 15, Bricklayars Union, No. 1, decided to appoint a committee of five to wait upon the employers to make conditions by which we could return to work along lines prevailing before the present trouble began. Any other statement in reference to this matter is untrue."

The bricklayers went out on strike in sympathy with the plumbers. They practically hold the key, nevertheless, to the strike situation in the District. With them yielding to the bosses, the strike is practically at an end.

The American battleship fleet sails from San Diego today for Los Angeles. Admiral Dewey has declined all invitations to participate in the Pacific coast festivities.

News of the Day.

Bishop Ellison Capers is in a dying condition at his home in Columbia, S. C. He has been ill a long time.

Representative Lilley asserted yesterday his belief that the investigators had not secured all the important facts from submarine-boat officials.

Hundreds of telegrams from Seventh Day Adventists from all over the country, protesting against proposed legislation for a stricter Sunday in the District of Columbia, were introduced in the Senate yesterday by Mr. Gallinger.

Through persons in high favor at court at Vienna, Miss Josephine Moffitt, the American girl, who claims Prince Victor, of Thurn and Taxis, as her husband, is endeavoring to arrange for an interview with Emperor Francis Joseph, to whom she intends to appeal for recognition of her matrimonial rights.

The Citizens' State Bank at Chautauqua, 25 miles west of Coffeyville, Kan., was robbed of about $3,000 yesterday by two men. The men entered the bank and forced Cashier C. C. Walterhouse and Dal Easely, a business man, to go into the vault. The bandits locked them in, secured all the currency in sight and escaped into the Osage Hills across the line in Oklahoma.

For the third time within a year an attempt was made early yesterday morning to steal the valuables from the cornerstone of the Memorial Continental Hall, which is being erected by the Daughters of the American Revolution at Seventeenth and D streets, northwest Washington. With the aid of a crowbar, a vandal pried off one of the marble slabs and badly mutilated the cornerstone.

As a result of keen competition between the cities of Monterey and Santa Cruz, California, over the matter of entertaining the Atlantic fleet on arrival there, Secretary Metcalf decided yesterday that each city shall have the entire fleet for one day, after which it will be devided and each city will have one squadron for three days. The entire fleet will arrive at Monterey on May 1 and the following day proceed to Santa Cruz.

The delegation of Japanese merchants, who are visiting Washington on their tour of education through the United States, saw the operation of the American filibuster, when they visited the House of Representatives yesterday. It was a thing the interpreter even could not make perfectly clear to them, however, and they soon visited the Senate, where they met the vice president and spent a few moments in the gallery.

While the Pennsylvania's Peninsular Express, north-bound, was crossing the Susquehanna river bridge yesterday afternoon, Oscar F. Stormer, of Easton, Md., a passenger, stepped out on the platform, waved his arms wildly for an instant, and then leaped into the river, ninety-five feet below. Oscar F. Sturmer was about thirty-eight years old. He was a native of Pittsburg, Pa., but went to Easton, Md., about thirteen years ago from Danville, Va., and opened a jewelry store, which he had conducted ever since. He left there in the best of spirits Sunday night for Baltimore to attend the races.

As a culmination of the bitter feeling engendered by the mobilization of the State constabulary in Chester, Pa., in connection with the street car strike, Marshal Crawford, a member of Troop B, was shot in a skirmish with Thomas and Nicholas Barger, on the Darby pike, near Lisperville, two miles outside of Chester, last night. Another trooper's horse was shot, and Crawford's steed ran away in the direction of Philadelphia. Crawford received a bullet in the leg. With four troops of the State police practically in command of the city, the strike situation was well in hand last night. A few cars were run.

CONGRESSIONAL.

In the Senate yesterday the postal savings bank bill was reported by Senator Carter, with a favorable recommendation.

The bill to apportion among the States a share of the proceeds from the sale of public lands was discussed for about an hour, but no action upon it was taken.

Six treaties, including two adopted at The Hague peace conference, were approved in a short executive session.

Eulogies on the lives of the late Senators Morgan and Pettus, of Alabama, were delivered today.

The House in committee of the whole took up the consideration of the diplomatic and consular appropriation bill. General debate lasted five hours, and, 5:30, the House took a recess until 11:30 today.

Another Strike.

Cumberland, Md., April 18.—Because the officials of the local street railway corporation refused to reinstate two of its conductors who were discharged last week for playing poker in a car in the barn, all of the other employes struck today and the road is tied up. The company has sent for "strike breaker" James Farley and his men from New York, and announce that it will reopen its road just as soon as he arrives. Special deputies have been sworn in to guard the company's property and trouble is looked for. The striking employes and their sympathizers are in an ugly mood and threaten that if non-union men are imported they will run them out of town.

Threw Himself Into Furnace.

Pittsburg, Pa., April 18.—The charred bones of a man who had thrown himself into the roaring furnace of the Crucible Steel Company's plant at Lawrenceville were found today. The furnace fire was allowed to burn low for three hours after midnight, and when a fireman went to add a fresh supply of fuel he found the bones burning in a corner. It is not believed that the man was an employe of the mill, as no one is missing from the pay roll.

DANDRUFF DON'T WASH OUT.

The Germ That Causes It Has to Be Destroyed, to Cure Dandruff.

Many a woman spends an hour twice a week scouring her scalp, thinking that by scrubbing off the scurf she will cure the dandruff. Two hours a week, at the age of 40 years, she has spent 260 days of 12 hours each, or two-thirds of a year of her life, in that vain hope; vain because you can't cure dandruff without killing the dandruff germ, and the only hair preparation on earth that will do that is Newbro's "Herpicide"—also a delightful hair dressing, and thorough antiseptic against all contagion from use of other's hair brushes.

Sold by Ernest L. Allen & Co., agents. Two sizes 50c and $1.00. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. 14s

Virginia News.

Mrs. Jane Rector, widow of the late Joseph Rector, of Stafford county, died Thursday at her home, near Kelley's Ford, after a brief illness, aged 78 years.

The 113th annual Council of the Protestant Episcopal Church in the Diocese of Virginia will meet in St. George's church, Fredericksburg, on Wednesday, May 20th, at 10 a. m.

Yesterday afternoon at 3:30 o'clock Lewis English, 13 years old, youngest son of George W. English, of near Kinsale, was instantly killed at Kinsale by the wheels of his wagon running over his head.

Daniel Bryan, who lives near Neabsco, in the lower portion of Prince William county, was arraigned in the Circuit Court at Manassas on Thursday on the charge of selling liquor and was fined $100.

Rumors are current in Richmond to the effect that the American Tobacco Company (the trust), which has branches all over the civilized and semi-civilized world, is about to dissolve. This step, it is said, will be taken upon the advice of friends in Washington, to prevent prosecution under the provisions of the Sherman bill.

T. M. Angle, the president and general manager of the Dry Fork Distilling Company, a bonded distillery incorporated under the laws of Virginia, was placed on trial in Danville, yesterday, in the United States Court, Judge McDowell presiding, on the charge of having perpetrated enormous frauds on the government by the manufacture and the sale of unstamped spirits.

Early Wednesday morning the barn of Solomon J. Hensley, near Harrisonburg, was burned and 13 horses perished in the flames. Much hay and grain and a lot of farming implements were destroyed, entailing a loss of about $7,000. Yesterday a sensation was caused when William A. Baugher, a substantial young farmer, who owns the adjoining farm, was arrested and placed in jail on a warrant charging him with firing the building. Baugher is about 28 years of age, married and has a family.

Mr. Crawford Cushing died at the home of his son, Mr. R. B. Cushing, of Wellington, Prince William county, on Tuesday last of paralysis, in his 84th year. He was respected by a large circle of friends and was a useful citizen in both private and public life. Mr. Cushing for many years had been prominent in county politics and filled many offices of honor and trust. He was chairman of the board of supervisors of the county for a great number of years and to his financial wisdom is due in a great measure the success of county affairs.

Labor Conference.

New York, April. 18.—Samuel Gompers President of the American Federation of Labor is holding a distinctly important conference today at the Hotel Everett which may determine the attitude to be taken by union labor in the presidential campaign. James Dugan and James O'Connell, the other members of the subcommittee of the executive committee of the national organization, were closeted with Gompers this morning for several hours. Most of the best labor leaders of this section of the country called during the session.

Gompers was asked what he thought of the action of the Central Federation of Labor of Cleveland in taking action favoring the organization of a labor party, but declined to comment in any way.

Demands Investigation.

Decatur, Ill., April 18.—Investigation started by Arthur Granata, Royal Italian consular agent at Springfield, Ill., probably will cause international complications of various character in connection with the attack on the Italian colony by a mob in Clinton Thursday and the subsequent flight of Italians from the city. Granata has demanded a statement of the affair from the city officials and county authorities, showing what means have been adopted to apprehend the members of the mob. He will report to the Italian legation at Washington. No arrests have been made in connection with the attack. Incriminating evidence, it is stated, has been obtained against several prominent men, and arrests are expected today.

Will Not Sanction Another Marriage.

Philadelphia, Apr. 18.—The ban of the Catholic Church against another marriage on the part of Helen Maloney, daughter of Martin Maloney, Standard Oil maganate and papal marquis, to Samuel Clarkson, the Englishman with whom she eloped, was announced today by Archbishop Ryan. "What the millions of King Henry could not accomplish certainly the millions of Martin Maloney will not be able to do," was the declaration of the distinguished prelate. "With all his influence King Henry tried to free himself from Catherine of Arragon, but history tells he failed so far as obtaining any aid from the head of the Church of Rome. The church stands today as it did then on this question."

Quiet in Chester.

Wilmington, Del., April 18.—A special to the Journal from Chester reports cars running there today, but nobody except the police are riding on them. There is no rioting and the people within the city limits are quiet. Much trouble is expected, however, when the suburban lines are started.

This morning unknown persons set fire to Johnson's bridge, between Chester and Marcus Hook, which is used by the railway company. The structure was partially destroyed.

Today's Telegraphic News.

Storms in Texas.

Fort Worth, Tex., April 18.—This section is slowly recovering from the effects of the torrential rains and high wind storm that swept over here last night, causing damage that will reach into millions and completely suspending railroad, telegraphic and telephonic communication. The Trinity river here is out of its banks and all of the houses in the vicinity are flooded. Fortunately the police were able to get the residents to the high grounds in time, so that there was no loss of life.

At Cleburn, 20 miles to the south, half a dozen houses were unroofed, and five hundred houses were flooded when the two bayous that run through the town overflowed their banks. Many narrow escapes are reported.

A circus, located in the western portion of the town, was completely wrecked. Two lions escaped from their cages and caused a panic prowling around town, but were finally recaptured by their keepers. One canvassman was fatally hurt.

The Vanderbilt Divorce Case.

New York, April 18.—Referee David McClure, who heard the evidence in the suit of Mrs. Alfred G Vanderbilt for a divorce, will file his report with the clerk of the Supreme Court late this afternoon or Monday, according to a report current today. Rumor has it Mrs. Vanderbilt has won her case. When the papers and referee's recommendation are filed they will go to Justice O'Gorman. Just how long he will keep them, is not known, but in a comparatively short time he will announce his decision. It is expected he will confirm the divorce and issue an interlocutory decree. This will permit Mrs. Vanderbilt to remarry, if she desires, after three months. During that interim either party may reopen the case with a view of effecting a reconciliation or to secure a change in the decree.

It is currently reported the referee has recommended that Mrs. Vanderbilt be given an alimony $5,000,000. Young Vanderbilt is worth anywhere from $40,000,000 to $60,000,000.

Refused to Join Union.

Wilmington, Del., April 18.—According to the men employed by the Wilmington City Railway Company, which is owned by the same general company as the Chester Traction Company, there will be no strike in this city, as has so confidently been predicted. The organizers sent here to get the men into the union have failed and it is not likely that they will repeat the attempt. Though they worked all night for several nights the organizers sent here secured the signatures of but sixteen men to the union roll and six of these withdrew just as soon as the situation was explained to them by the older men, and it is likely that others will do the same. The men who agreed to strike were generally new men who had not been on the road long enough to be on the same friendly terms with the officials as the others.

Narrow Escape from Lynching.

Altoona, Pa., April 18.—Albert Depo a young man of this city, had a narrow escape today when a mob of angry citizens made a determined effort to lynch him. Depo is accused of trying to start a fire in the mountain back of Lakemont Park and within a short distance of many houses. He fled when discovered and while some of the crowd which quickly gathered, fought the flames, others quickly organized a posse to pursue him. He was run down and captured. A rope had already been procured and the crowd was just getting ready to string Depo up when constables arrived.

Wants Franco to Return.

Paris, April 18.—King Manuel is negotiating with former Premier Franco to return from Genoa to Lisbon and resume his old trade of governing Portugal, acording to reports from usually reliable sources.

Current report is that Franco is willing to return to Portugal, but is corresponding with the king concerning his status there, if he does so. His idea is that he can accomplish little except under dictatorial powers for the present. Manuel is understood to fear that the restoration of the dictatorship may precipitate an uncontrollable outbreak.

The American Tobacco Company.

New York, April 18.—W. W. Fuller, chief counsel of the American Tobacco Company, the tobacco trust, today positively denied the reported plan of the trust to dissolve. Mr. Fuller declared the story, emanating from Richmond, that the reorganization of the trust is proposed is absolutely false. "No change of any sort in the American Company is contemplated," the attorney said.

Ill Smelling Finance.

Madison, April 18.—The discrepancy of $30,000 in the accounts of Cashier Edwin C. Story, of the Citizens' National Bank, of Belleville, near here, caps the climax for loud smelling finance. Story tried to corner the cheese market, and Belleville is in the limberger cheese district, at that. Hence little surprise is evinced at his attempt to end his life when the $30,000 smell leaked out.

The Oregon Senatorship.

Portland, Ore., April 18.—Reports received early today render practically certain the prediction that Judge Henry M. Cake has beaten United States Senator Charles W. Fulton in the contest for the nomination to the Senate. Cake's majority is placed between 2,000 and 3,000. At present the indications are that Cake carried a majority of the counties in the State.

Silverstein's Condition.

New York, April 18.—Selig Silverstein, the youth with anarchistic tendencies who threw a bomb in Union Square at the socialistic meeting there a month ago, had a turn for the worse today, and the doctors at the hospital, where he is now, declare that he will not survive the day. He has been unconscious since 8 o'clock.

Application for Receiver.

Cincinnati, O, April 18.—The Odell Brokerage Company, one of the largest concerns of the kind in the country, has gone to the wall. Application for a receiver was filed today in the insolvency court by Attorneys Cogan and Williams, of the firm.

Miners to Return to Work.

Toledo, O., April 18.—The United Mine Workers will vote at once on the two-years' agreement reached by the operators and miners of the central field at the Toledo conference. The miners have been directed to vote favorably.

Bridgeport, O., April 18.—Orders were issued today that will put 7,000 miners in Belmont county, alone, and 12,000 in eastern Ohio at work Monday morning. The other miners in the field will return during the week as soon as arrangements can be perfected.

Russia Defies Turkey.

St. Petersburg, April 18.—Russia has snapped her fingers at the shah's protest against the invasion of his territory by the czar's cossacks. Her ambassador at Constantinople has warned the sultan that he may have to do some explaining as soon as the Muscovite troops get through exterminating Russo-Persian border [illegible]

THE LATE CAPT. RANDALL.

As was stated in the Gazette, Capt. Ephraim S. Randall, for more than twenty-five years one of the leading steamboat company and excursion managers of Washington, died at his home, in that city, yesterday afternoon of dropsy and heart disease. Capt. Randall was born in Onandaigua, N. Y., fifty-eight years ago, and while a small boy accompanied his mother to Washington. When but eleven years old he was employed by a union army sutler in northern Virginia. At the close of the civil war he was engaged in various business interests in Washington. About twenty-five years ago he embarked in the steamboat and excursion business. His first steamer was the old Mary Washington, and shortly after this purchase he secured the property now known as River View, and began to erect buildings upon it. Capt. Randall also operated steamers on the lower river route. He is survived by his wife, Mrs. Louise Randall, who was formerly Miss Louise Homiller, of a well known Georgetown family; one son, Harry S. Randall; two daughters, Mrs. J. Frank Carlin, of Alexandria, and Miss Elizabeth Randall, of Washington, and his mother, Mrs. A. P. Kretchmar. The flags on the river steamers have been at half-mast today in respect to the memory of the late Captain Randall.

EASTER.

Tomorrow the Christian will celebrate the greatest of church festivals—Easter. Commemorating the resurrection of Christ, ornaments of joyous colors replace the signs of mourning; rich embroideries adorn the altars, the bells ring out their joyous chimes, and in the sanctuary a chant to heaven rises in all voices, "Alleluia!" Special music will be rendered by the choirs in many of the churches in this city according to the programmes published on Thursday. The day will be a happy one for the children as many of the Sunday schools hold their celebration on Easter, while the holiday next day, Easter Monday, will be enjoyed by many—young and old alike. Should the weather tomorrow prove fair the display of spring hats, suits, ect., will be quite stunning.

DENY ELECTION REPORT.

The report that I. J. Smith, the paving contractor, had employed men to work against R. L. Peters, president of the common council, is vigorously denied by Mr. Smith and Ernest R. Boyer, Mr. Smith said he did send men to work against Mr. Peters, but that they are his personal friends, and that he did not pay them. Mr. Boyer says he went but that neither he nor anyone else was paid a cent, and that there is no foundation for such a statement—[Richmond News-Leader.

RECEPTION TO PASTOR.

The members of the Methodist Protestant Church will tender a reception next Tuesday night at 8 o'clock, to Rev. G. I. Humphreys, the pastor, who was returned to this charge by the conference which met recently at Snow Hill, Md.

The Young People's Christian Endeavor Society of the Methodist Protestant Church will have special Easter service tomorrow at 7 p. m. Miss Anna WiesKorp will sing a solo.

NOT AUTHORIZED.

The Ladies of Mount Vernon Circle, of Kings Daughters, having been nformed that some woman has been collecting money in this city in behalf of that circle, hasten to inform the public that such collections are unauthorized. It is also reported that this woman has been collecting money without authority for the benefit of Mr. Schneider who was recently shot on Shooter's Hill.

WANTED RECONCILIATION.

George W. Tyler, of Woodburn, D. C., whose wife, Mrs. Rosa B. Tyler, deserted him and her seven children about thirteen months ago, and who was several days ago discovered living near Wheaton, in the vicinity of Rockville, Md., with James Hudson, a young farm hand to whom she was married in Alexandria eight months ago, went to Rockville yesterday afternoon to effect a reconciliation with his wife, who is in jail there awaiting requisition papers from this city where she is wanted to answer a charge of bigamy, preferred by Tyler. The man did not visit the jail himself, but sent an acquaintance, whom he authorized to suggest to Mrs. Tyler that if she would consent to return to the home she deserted the bigamy case against her would not be pressed. The proposal was indignantly spurned by Mrs. Tyler, who asserted that her husband's cruelty had put her behind prison bars and declared that she would much prefer to spend the rest of her life deprived of her freedom then to return to his roof. Mr. Tyler was disappointed at the woman's stand.

The fact that Gov. Crothers, of Maryland, is spending a vacation at Atlantic City and will probably not return to Annapolis until the middle of next week, will cause a delay of some days in the removal of Mrs. Tyler from Rockville to this city.

ARRESTED ON SUSPICION.

The Chief of Police has been busy today inquiring into the alleged loss of a pocketbook said to contain $158, belonging to Mr. William Posey, a collector for Messrs. Charles King & Son. From information he is said to have received from friends of Mr. Posey there is a mystery attached to its disappearance. It is also said that the unfortunate loser of this money was seen under the influence of liquor on the night before the loss by a neighbor who walked home with him after midnight. The former said to his friend that it would be the last time he would walk down the street with him. He also said he had been to Washington and had "blowed in" about $50. It is said that at the time he was talking to his friend Mr. Posey had bank notes of all denominations on him, and fearing he meant to commit suicide his friend sat on his steps until he agreed to go in the house. The information the chief received from places where Mr. Posey visited aroused his suspicion and later he placed Mr. Posey under arrest. An examination into the matter will be made later. Mr. Posey has been in the employ of Messrs. Charles King & Son for a number of years, his first position with that firm having been that of a driver of one of the wagons, from which he was promoted to a collector.

TO RECEIVE PYTHIAN RANK.

Germania Lodge, K of P., held an interesting meeting in Pickett Camp Hall last night, when the rank of Page was conferred upon one candidate, and one application for membership was received.

A full attendance is promised for the next meeting, Wednesday night, when the rank of Esquire will be conferred upon Ernest R. Boyer, during interesting ceremonies.

Mr. Boyer, who is prominently connected with the large contracting firm of I. J. Smith, is well known in the circles of the order, and after receiving the rank will, by request, recite a selection from Virginius.—[Richmond News Leader.

DEATH OF MRS. BRIGGS.

Mrs. Virginia Briggs, daughter of Mrs. and the late John M. Grigg, formerly of this city, died unexpectedly on Thursday in New York, where she was on a visit, expecting to return to her home in Washington on Easter Monday. The funeral services took place this morning at 10 o'clock from her late residence, 718 Tenth street northwest Washington. Rev. Dr. J. J. Muir, pastor of the Temple Baptist Church, officiating. Interment were made in the family burial lot in Union Cemetery, this city. The following were pallbearers: Capt. Charles Chanler, U. S. A., Capt. Shafer, L. E. Chapman, and William McDowell.

PRIMARY ELECTION TUESDAY.

A primary election will be held in the Second ward from 12 noon till 7 o'clock p. m. on Tuesday next, the 21st, for an Alderman and two members of the Common Council. Mr. W. W. Ballenger, present member of the Board of Aldermen, is a candidate for re-election. Mr. Harry White is also a candidate for the position. Messrs. R. D. Brumback, H. W. Smith and Carroll H. May are the candidates for the Common Council.

THE FISHING SEASON.

The torpor in the fishing season is still apparent. Comparatively little is being done at Fishtown, although the arrivals of herring show a gradual increase. They sell in large lots at from $3 to $4 per thousand. Shad continue scarce and high. They bring from $25 to $50 a hundred. The catch hereabouts is still small.

FLOWER THIEVES.

An item in this column a few days ago called attention to the fact that flower thieves are annoying lot owners in St. Mary's cemetery. It seems that these vandals are not confining their depredations to any one cemetery, but are invading others and removing flowers from graves.

THE MARKET.

There was no special change to note in the market this morning. The supply of country produce was by no means large and the prices of most articles had undergone no change. Eggs, however, were higher, selling at 18 a 20 cents a dozen.

OBEYING THE BYRD LAW.

Cards bearing the following are now posted prominently in some saloons:

"No liquors sold to minors, lunatics, idiots, habitual drunkards, epileptics, intoxicated persons, students of public schools, colleges or universities."

MEETING FOR MEN.

Rev. Carlton D. Harris, of Baltimore, will deliver the address at the men's meeting tomorrow afternoon at 3:30 o'clock, Subject "Besetting Sins of Men." Mr. J. T. Schofield will sing "Nazareth." All men are invited.

THE PANAMA CANAL.

The illustrated lecture given last night at the Young People's Building, under the auspices of the Young Men's Senate, was a success in every particular. The lecturer, Congressman George Alvin Loud, of Michigan, was introduced by Rev. Charles D. Bulla, the chaplain of the Senate. Mr. Loud, who is an interesting lecturer, carried the audience, that packed the house, from New York, to the Isthmus, showing them the beautiful tropical scenery of the Isthmus, as well as the more instructive construction of the great canal, which in a few years will join together the Atlantic and the Pacific. The pictures shown were obtained by Mr. Loud during his recent visit to the Isthmus in the interest of the government, and showed the most important features of the work and life on the Isthmus. Among those who attended the lecture were Congressman John H. Foster, of Indiana; Clarence C. Gilhams, of Indiana; Gerrit J. Diekema, of Michigan; Joseph H. Fordney, of Michigan; William W. Wilson, of Illinois; James H. Davidson, of Wisconsin; E. Wayne Parker, of New Jersey; and George S. Legare, of South Carolina; Mrs. Loud, Mrs. Foster, Mrs. Diekema, Mrs. Wilson, Mrs. Davidson, Mrs. Bliss, wife of the ex-governor of Michigan; Miss Murphy, Miss Ayer, Miss Gibbs, Mr. Claude N. Bennett, Mr. Doughty, Mr. Parker and Mr. Davidson, all of Washington. Rev. Charles D. Bulla and Mr. John G. Graham, president of the Young Men's Senate, accompanied the party to and from Alexandria.

ACCIDENT TO A LADY.

Miss Emma Stratford, niece of Mrs. Robert Grimes, of this city, was the victim of a painful accident at the intersection of King and Royal streets, about 9:45 o'clock last night. Miss Stratford is employed in the Washington Telephone office and was returning to her home, in this city. The train had stopped and as she stepped off, the lady says, the cars gave a sudden jerk which threw her down. Her face came in contact with the brick roadway, seriously injuring her nose. One of her hands was also cut and bruised. Miss Stratford was taken to her home on King street, a short distance from the scene of the accident, where she was later attended by Dr. Jones.

The funeral of the late Mrs. Lucy C. Wright took place from her residence, 1115 Duke street, this afternoon. The services were conducted by Rev. Mr. Humphreys and the pallbearers were Messrs. Spencer Forrest, Robert Adcock, Z Kidwell, Albert Nalls, James Wigfield and James Bryant.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain balm. You are certain to be pleased with the relief which it affords. For sale by W. F. Creighton and Richard Gibson.

DEMENTED GIRL BEATEN.

With her face and body beaten and discolored, her hands and arms cut and scratched, Miss Annie Heinckel, an insane girl who disappeared from her home in Newark, N J., on Monday, was found yesterday wandering in the streets of Passaic.

The police believe that she was kidnapped by a physician, from whom she escaped after being held prisoner several days. The young woman's injuries, they say, were caused by her struggle with her captor, but Miss Heinckel is unable to give any explanation of her condition, or how she got from her home to Passaic.

While Miss Heinckel was an inmate of an insane asylum five years ago her mother made charges against one of the doctors of the institution of ill treating her. This the doctor denied, and the board of managers, some time later, exonerated him.

Miss Heinckel, who is an exceedingly pretty young woman, lost her reason five years ago through fright. One night her mother was returning home, when she fell near her home and was rendered unconscious. Some one ran into the Heinckel apartments, where Annie was in bed, and told her that her mother had been killed. The girl, clad only in her night dress, ran into the street, and seeing her mother lying motionless on the street, went crazy and tried to kill herself. Her mother recovered from the injury, but the unfortunate young woman never had her reason restored.

EUREKA!
Yes, I Have Found It at Last.

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. Ongley, Rootville, Pa. For sale by W. F. Creighton and Richard Gibson.
